---

## HTML Transitions

### HTML Transition Demos

#### Single-Image Transitions

```
</img>
```

This transition scales up when mouse hovers over [img element](#) since it will exceed bounds of the [div element](#)

```
</img>
```

This transition scales down when mouse hovers over [div element](#) in case mouse moves toward center slower than edges of image

```
</img>
```

```
</img>
```

```
</img>
```

## Image and Text Transitions

```
<span class="text">Transition  
reveals this  
hidden text
```

```
</span> </img>
```

```
<span class="text">Transition  
reveals this
```

```
hidden text</span> </img>
```

## Multiple-Image Transitions

```
</img>
```

```
</img>
```

## Animated Buttons in HTML 5

```
<button style="border: 2px solid #000000; border-radius: 10px; padding: 4px; -webkit-  
transition: -webkit-transform 0.3s ease-in-out">Button A</button> <button style="border:  
2px solid #000000; border-radius: 10px; padding: 4px; -webkit-transition: -webkit-transform  
0.3s ease-in-out">Button B</button> <button style="border: 2px solid #000000; border-  
radius: 10px; padding: 4px; -webkit-transition: -webkit-transform 0.3s ease-in-out">Button  
C</button>
```
